Subject: Support letter for International Day of Yoga  
Your Excellency,

On behalf of the Business Association of Hotel and Restaurant Industry of Serbia HORES I was pleased to learn that resolution establishing International Day of Yoga was endorsed by record of 175 states at the 69<sup>th</sup> session of the UN General Assembly in New York.

Statement given by H.E. Prime Minister Narendra Modi emphasizes on the fact that yoga is “an invaluable gift from Indian tradition” with the purpose of discovering ourselves, the world and the nature. In addition to this UN Secretary-General Ban Ki-moon also pointed out that “Yoga is a sport that can contribute to development and peace”.

Business Association of Hotel and Restaurant Industry of Serbia HORES is fully committed to the promotion of wellbeing and healthy way of life and majority of our members included yoga in their tourism and hotel offer. In this light we very much look forward to fully support the International Day of Yoga and we also plan to develop a video material with the Embassy of India in Belgrade and the National Tourism Organization of Serbia to showcase hotels in different parts of Serbia and our guests doing yoga at the top hills throughout different destinations.

Once again I congratulate you the celebration of the first International Day of Yoga and I very much look forward to our future partnership.

Yours truly,  
*Aleksandar Vasiljevic*  
Aleksandar Vasiljevic  
President of the Managing Board
