**Subject:** Support letter for International Day of Yoga

Excellency,

It was my pleasure to learn that first International Day of Yoga will be celebrated in more than 50 cities throughout Serbia on June 21, 2015.

Yoga has always been recognized as an invaluable gift from Indian tradition with the purpose of contributing to the development and peace around the world. Yoga can both prevent diseases and help recover from it and therefore I strongly believe that healing power of yoga is one of the best things for the mankind.

Dr Feelgod Programme for healthy living is fully committed to the promotion and practice of wellbeing and healthy way of life with the main purpose of feeling better and living healthier life.

I would like to support and at the same time to congratulate you the celebration of the first International Day of Yoga and I very much look forward to our future partnership.

Sincerely yours,
